

## ABOUT BIBLE GATEWAY - THE ORIGINAL SEARCHABLE ONLINE BIBLE

### DESCRIPTION

Bible Gateway ([@BibleGateway](#) & [@BibleGatewayApp](#)) is your rich social and personal connection to freely read, research, and reference Scripture on your desktop, laptop, tablet, smartphone . . . anywhere; in more than 200 versions and more than 70 languages! Its simple yet advanced searching capabilities allow you to quickly find and compare particular passages in multiple Bible translations based on the keywords, phrases, topics, or Scripture references you have in mind. You'll be inspired and encouraged – whether reading with your eyes or your ears (audio Bibles) – as you rely on Bible Gateway for all your Bible reading needs.

### HISTORY

The original multilingual searchable Bible website, Bible Gateway was started in 1993 by Nick Hengeveld, a student at Calvin College in Grand Rapids, MI, who had a visionary passion to make the Bible digitally accessible to everyone through the very new technology at the time called the Internet.

In 1995 Nick became the first webmaster of Gospelcom.net, now [Gospel.com](#). He brought Bible Gateway with him, and since then, the service has been the daily favorite online resource for hundreds of millions of people around the world. In 2008 Bible Gateway became a division of [Zondervan](#), and is, today, a member of [HarperCollins Christian Publishing](#). We continue to add new translations, languages, and powerful functionality to Bible Gateway to help you conveniently engage the Bible and make it an integral part of your everyday life.
